Independent Auditor's Report

To the Board of Directors
The West Indian Company Limited

Report on the Financial Statements

We have audited the accompanying financial statements of The West Indian Company Limited (the "Company"), a blended component unit of the Virgin Islands Public Finance Authority, as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the Company's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The West Indian Company Limited as of September 30, 2018, and the respective changes in financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

As discussed in Note 6 to the financial statements, the Company is part of an affiliated group of entities and has entered into transactions with the group members. As discussed in Note 8 to the financial statements, the Company has not previously recorded compensated absences in its financial statements in accordance with accounting principles generally accepted in the United States of America. The Company changed its method of accounting for this item and restated its 2017 financial statements for the correction. As discussed in Note 14 to the financial statements, the Company may be adversely impacted by the outbreak of a novel strain of coronavirus, known as COVID-19, which was declared a global pandemic by the World Health Organization in March 2020. Our opinion is not modified with respect to these matters.

Other Matters

The financial statements of the Company for the year ended September 30, 2017, before restatement for the matter described in the Emphasis of Matters paragraph, were audited by other auditors, whose report dated September 10, 2019, on those statements was unmodified.

As part of our audit of the 2018 financial statements, we also audited the adjustments described in Note 8 that were applied to restate the 2017 financial statements. In our opinion, such adjustments are appropriate and have been properly applied. We were not engaged to audit, review, or apply any procedures to the 2017 financial statements of the Company other than with respect to the adjustments and, accordingly, we do not express an opinion or any other form of assurance on the 2017 financial statements as a whole.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis on pages 6 through 11 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 30, 2020, on our consideration of the Company's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Company's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Company's internal control over financial reporting and compliance.

The Company's basic financial statements consist of four components: 1) the Statement of Net Position, 2) the Statement of Revenues, Expenses, and Changes in Net Position, 3) the Statement of Cash Flows, and 4) the Notes to Financial Statements.

For fiscal year 2018, operating revenues of \$7.1 million decreased by \$1.7 million from the prior year mainly due to loss of revenue caused by the Hurricanes. There was only one cruise ship arrival in September 2017 and no cruise ship arrivals in October 2017. On November 3, 2017, cruise ship traffic resumed on a reduced schedule. Due to the impact of the Hurricanes, the 2018 cruise season passenger traffic was 29% lower than in 2017.

Operating expenses of \$9.5 million decreased by \$1.8 million due to the decrease in impairment loss of \$1.9 million. The Company reported a decrease in non-operating expenses of \$2.6 million due to the receipt of \$2.1 million in insurance recovery proceeds and \$500,000 in Federal Emergency Management Agency ("FEMA") reimbursements related to damage incurred following the Hurricanes.

Management's Discussion and Analysis

Significant Currently-Known Facts

The following are currently known facts that could have a potential significant effect on financial position and changes in the financial position in future years:

Operations

Management is addressing the changing dockage requirements of larger cruise ships, and increased competition from other cruise ports by improving its dockage. In fiscal year 2017, the Company replaced 32 older 60-ton bollards with 150-ton bollards and replaced 750 feet of dock bulkhead. The Company is moving forward with a project of constructing a new dock to accommodate two larger 5,000+ passenger ships. Estimated projections determine that construction of the new dock facilities will provide at least 100 additional calls. The Company continues to operate with an approved Facility Security Plan and meets any additional requirements contained in the Title 33 CFR Part 105 of the Maritime Security Code of Federal Regulations.

Management has also addressed the increasing competition from other cruise ports by entering into preferential berthing rights agreements with three major cruise lines, providing the Company with guaranteed annual revenue. The Company continues to explore several means of maximizing its financial future by concentrating on growing the passenger arrivals, developing the 7-acre property located in Estate Liverpool, and renovation and reconstruction of warehouse rentals to attract new and varied purveyors of products and services to appeal to visitors and residents.

The Company is finalizing plans for the development of two additional berths, reviewing opportunities for fresh new attractions and activities to the destination, and preparing for the renovation of Estate Catherineberg into a museum pursuant to Act 8053. The Company is highly dependent on the cruise ship industry. The cruise ship industry may be impacted by natural disasters such as the Category 5 hurricanes in September 2017. Climate change experts have predicted an increase in hurricanes in the coming decades.

The Company also receives management fees of 6% of Havensight Mall gross receipts under an agreement with GERS. Management fees amounted to \$272,000 and \$378,000 in fiscal years 2018 and 2017, respectively. In September 2019, GERS provided notice that the agreement would end effective March 2020. Management has embarked on a reduction of workforce related to the end of the management agreement.

Working Capital Position

The Company was in a negative working capital position as of September 30, 2018, mainly due to the outstanding liability of payments in lieu of taxes ("PILOT"), amounting to \$7.35 million, due to the Government. Management expects the PILOT liability to decrease with the renovation of the historic property located in Estate Catherineberg. With the passage of Act 8053 authorizing the Government to purchase the historic property, the PILOT balance will be reduced by the value of repairs and improvements to the Estate Catherineberg property.

The Company also had \$2.0 million in accrued compensated liabilities owed to employees.

Management's Discussion and Analysis

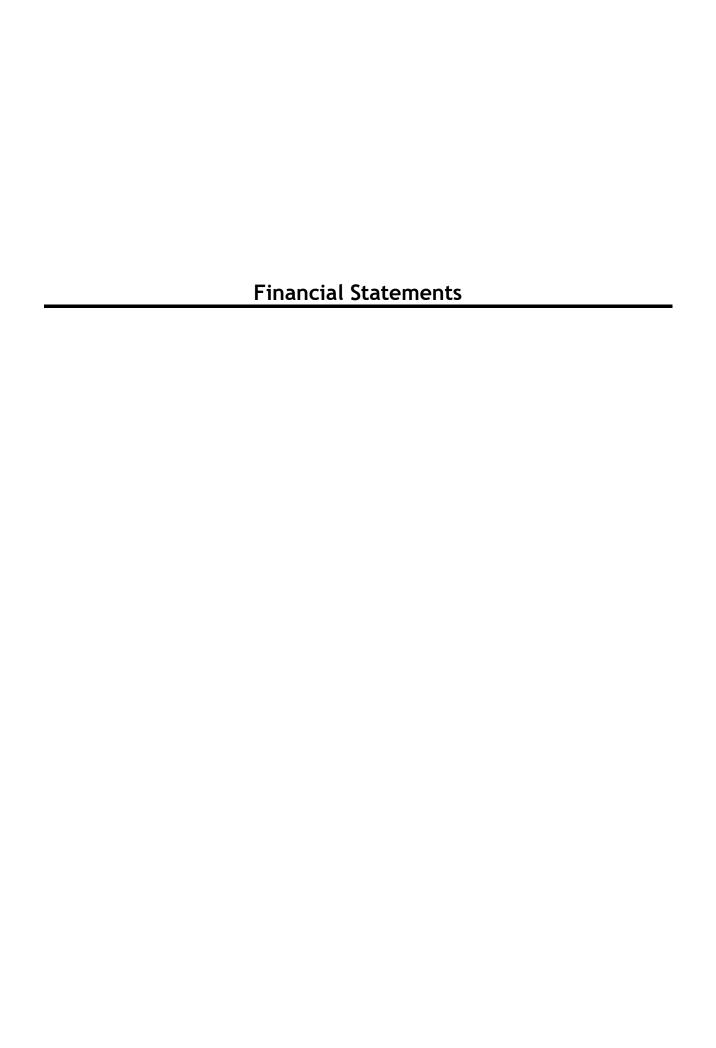

Coronavirus COVID-19 Pandemic

In December 2019, a novel strain of coronavirus, known as COVID-19, was reported which quickly spread around the globe, including the United States and its Territories. In March 2020, the Governor of the U.S. Virgin Islands declared a state of emergency due to COVID-19. The extent of the impact of COVID-19 on the operational and financial performance of the Company will depend on certain developments, including the duration and spread of the outbreak and the impact on the cruise ship industry, employees, and vendors, all of which are uncertain and cannot be predicted

Standards for external financial reporting for state and local governments require that resources be classified for accounting and reporting purposes into net position categories and to report the changes in net position.

Net position represents the residual interest in the Company's assets after liabilities are deducted and consist of the following categories:

- Net investment in capital assets: Capital assets, net of accumulated depreciation less
 outstanding principal balances of debt and accounts payable attributable to the acquisition,
 construction or improvement of those assets. The portion of debt attributed to the unspent
 debt proceeds is included in the same net position component as the unspent proceeds.
- Restricted: These result when constraints, on the use of net position, are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.
- *Unrestricted*: Net position that is not subject to externally imposed stipulations.

Notes to the Financial Statements

The Company distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the Company's principal ongoing operations. The principal operating revenues of the Company are charges to customers for fees. Operating expenses for the Company's include the cost of services, general and administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating items.

When both restricted and unrestricted resources are available for use, it is the Company's policy to use restricted resources first, then unrestricted resources as they are needed.

Taxes

The Company is exempt from the payment of all U.S. Virgin Islands taxes on all its assets and income. However, the Company is required to make an annual payment in lieu of taxes ("PILOT") to the Government, of the greater of ten percent of net revenues or \$700,000 retroactive to fiscal year 2006 and thereafter. Also see Note 6.

Cash and Cash Equivalents

The Company considers cash on hand, demand deposits, and other short-term investments with original maturities of three months or less from the date acquired by the Company to be cash and cash equivalents.

Trade and Other Accounts Receivables

Trade and other accounts receivables consist of amounts due under cruise line agreements, leases of warehouses and land, and receivables due from the Government Employees' Retirement System of the U.S. Virgin Islands ("GERS"). Receivables are recorded at their gross value when earned and are reduced by the estimated portion that is expected to be uncollectible. The adequacy of the allowance for doubtful accounts is evaluated by management based upon past collection experience.

Prepaid Expenses and Other Current Assets

Prepaid expenses and other current assets consist primarily of amounts paid by the Company for services not yet provided by vendors, which primarily relate to property and liability insurance.

Capital Assets

Capital assets are recorded at cost and are depreciated using the straight-line method over the estimated useful life of the asset. Assets with costs above \$500 and a useful life of at least one year are capitalized. Estimated useful lives of capital assets are as follows:

| | Years |
|------------------------------------|--------|
| | |
| Personal property and equipment | 3 - 25 |
| Building and building improvements | 5 - 40 |

Notes to the Financial Statements

When assets are retired, the cost and related accumulated depreciation of the property is removed from the accounts and any gain or loss is recognized. Expenses for major renewals and betterments are capitalized, while maintenance and repairs which do not extend the life of the assets are recorded as expenses.

The Company reviews the carrying value of its capital assets to determine if circumstances exist indicating impairment. If facts or circumstances support the possibility of impairment, management follows the guidance in GASB Statement No. 42, Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries. If impairment is indicated, an adjustment is made to the carrying value of the capital assets.

Compensated Absences

Unpaid vacation and sick leave compensation, as well as the Company's share of related social security taxes, is accrued as benefits are earned by the employees if attributable to past services and if it is probable the Company will compensate the employees for such benefits. Amounts accrued are measured using salary rates in effect at September 30.

The change in compensated absences is as follows for the year ended September 30, 2018:

| | Restated Beginning Balance | Increases | Decreases | Ending Balance | Due Within One Year |
|------------------------------|----------------------------------|------------|-------------|-------------------|------------------------|
| Compensated absences payable | \$ 1,816,414 | \$ 245,747 | \$ (86,660) | \$ 1,975,501 | \$ 176,165 |

Fees for Services

The Company derives its operating revenue from the operation of its cruise ship port, related agency activities, and rental of its land and warehouse facilities. The Company also generates revenue from fees received for the management of the portion of the Havensight Mall owned by GERS. Revenues are recognized when they are realized or realizable and are earned. Revenues are realized when cash or claims to cash (receivable) are received in exchange for goods or services.

The Company had two customers whose revenue individually represented more than 10% of the Company's total revenue. As of September 30, 2018, these companies accounted for 62% of the revenue earned in fiscal year 2018.

Customers with revenues greater than 10% are as follows:

| Carnival Cruise Lines | 43% |
|------------------------|-----|
| Norwegian Cruise Lines | 19% |
| Total | 62% |

Notes to the Financial Statements

Grants and Contributions from Federal and State Government Grants

The Company, may from time-to-time, receive Federal and state government grants. The assets and revenues arising from government grants are recorded when the Company meets the eligibility requirements. If resources are received in advance of satisfying certain eligibility requirements, the recognition of revenues is deferred.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Adoption of Accounting Pronouncements

In June 2015, GASB issued Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. This Statement improves accounting and financial reporting by state and local governments for postemployment benefits other than pensions. It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. The requirements of this Statement are effective for the Company's financial statements for the year ended September 30, 2018. The Company has evaluated this Statement and has determined there is no impact on the financial statements. The Company does not provide postemployment benefits to its employees.

The requirements of this Statement are effective for the Company's financial statements for the year ended September 30, 2018. The Company has evaluated this Statement and has determined there is no impact on the financial statements.

Notes to the Financial Statements

Following are statements issued by GASB that are effective in future years. In light of the COVID-19 pandemic, on May 8, 2020, the GASB issued Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, to provide relief to governments. This Statement, which was effective upon issuance, postpones the effective dates of certain provisions in these upcoming pronouncements for one year, except for GASB Statement No. 87 which is postponed for eighteen months.

Notes to the Financial Statements

Restricted cash of \$3,956,524 represents cash segregated for debt service requirements under the Company's loan agreements and \$504,939 is restricted for an escrow account required by the Army Corps of Engineers' Financial Assurance policy for mitigation related to bulkhead repairs.

Custodial credit risk is the risk that in the event of bank failure, the Company's deposit may not be returned. The Company does not have a custodial risk policy. The Company maintains its deposits at two financial institutions, which, at times may exceed federally insured limits. Generally, the Federal Deposit Insurance Corporation insures depositor funds up to \$250,000.

Of the total funds held by the financial institutions at September 30, 2018, \$500,000 was covered by the FDIC, approximately \$3.0 million were fully collateralized, and approximately \$3.0 million were uninsured. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on its deposits. As of September 30, 2018, approximately \$6.1 million or 92% of the Company's deposits were held at Banco Popular de Puerto Rico.

In September 2017, the U.S. Virgin Islands were struck by two category 5 hurricanes. As a result of the hurricanes, the Company identified \$1.9 million of damage to its assets. During fiscal year 2018, the Company filed a claim with its insurance provider and received a payment of approximately \$2.0 million.

6. Payable to the Government

On October 10, 2007, the Legislature of the U.S. Virgin Islands (the "Legislature") approved Bill No. 27-0151 to require the Company to make an annual payment in lieu of taxes (PILOT) to the Government, of the greater of ten percent of net revenues or \$700,000 retroactive to fiscal year 2006 and thereafter. For the year ended September 30, 2018, the Company made a \$700,000 PILOT payment toward the prior years' outstanding balance. As of September 30, 2018, the Company's outstanding balance of unpaid PILOT for fiscal years 2008 through 2018 amounted to \$7.35 million.

The Company is in a negative working capital position as of September 30, 2018, mainly due to its outstanding liability due to the Government. The bonds and notes issued by the PFA, which owns the Company, are supported by the Government's pledged revenues and the PFA is highly dependent on the Government repaying its loans to the PFA for the PFA to repay its obligations and fund its operations. The Government is in a significant net deficit position.

Notes to the Financial Statements

This situation could have an impact on the Company, whereby which the Government may need to collect on in order to address its own financial difficulties, and its dependency on PFA for financial support in such case. To date, revenues pledged for debt service have not been significantly impacted by the Government's financial condition. As of September 30, 2018, all payments on the bonds and notes have been made as required and the PFA is in compliance with all related covenants.

On June 14, 2018, the Legislature passed Act 8053, to accept the transfer of a historic property located in Estate Catherineberg, from the Company to the Government as a public decorative art museum, as part of a negotiated settlement of the amount due. The Company will be responsible for paying the costs of transferring and converting the property to a museum, as well as its annual maintenance and these amounts paid will reduce the unpaid PILOT amount owed.

The passage of Act 8053, authorizing the Government to purchase Estate Catherineberg provides relief to the Company. Although the Company will continue to pay for the maintenance of Estate Catherineberg, the expenses will now reduce the outstanding PILOT balance. As of the date of this report, the transfer of the property has not yet occurred due to pending repair work for the damages caused by the hurricanes in 2017.

7. Loan Payable

In July 2017, the Company consolidated various loans with Banco Popular de Puerto Rico in the amount of \$42,697,836 at a fixed interest rate of 5.25% per annum, amortized on a 25-year term with a final maturity date of July 2022. Upon maturity, should the Company stay in compliance with the current terms of the loan, it may refinance the loan for a term not to exceed twenty (20) years, subject to new terms and conditions.

The Company may prepay the loan, however there is a prepayment penalty of 2% of the outstanding principal of the loan. Security and collateral for the loan include a first-priority security interest in the Company's assets and a pledge of the Company's revenues.

The Company must also maintain insurance on its facilities at full replacement cost value and business interruption insurance equal to one year's net revenues. The Company is required to pay all payments in lieu of taxes (PILOT) to the Government.

Loan payable activity for the year ended September 30, 2018, was as follows:

| Beginning | New | Principal | Ending | Due within |
|---------------|------------|------------|---------------|------------|
| Balance | Issuance | Payments | Balance | One Year |
| \$ 42,666,134 | \$ 566,215 | \$ 585,777 | \$ 42,646,572 | \$ 820,377 |

Notes to the Financial Statements

Future principal payments on the loan are as follows:

| Year ending September 30, | Principal | Interest | Total | |
|---------------------------|---------------|--------------|---------------|--|
| 2019 | \$ 820,377 | \$ 2,250,013 | \$ 3,070,390 | |
| 2020 | 858,914 | 2,211,476 | 3,070,390 | |
| 2021 | 911,978 | 2,158,412 | 3,070,390 | |
| 2022 | 40,055,303 | 1,931,573 | 41,986,876 | |
| Total | \$ 42,646,572 | \$ 8,551,474 | \$ 51,198,046 | |

Covenants

The Company is required to maintain a Debt Service Reserve Fund ("DSR") with the bank in the amount of \$3,070,390. The Company is also required to maintain a Debt Service Coverage Ratio Reserve ("DSCR") with an amount equal to the shortfall, if any, between the Company's earnings before interest, taxes, depreciation and amortization ("EBITDA") and the Company's required annual DSCR, so that net revenues are not less than 1.25 times annual debt service payments. The Company is also required to maintain a Fixed Coverage Ratio ("FCR") of 1.10 times EBITDA divided by the current portion of long-term debt ("CPLTD") plus interest expense, PILOT, maintenance, and capital expenses. The Company may not declare dividends during the term of the loan, and no additional equity interests may be granted without the lender's approval.

For the year ended September 30, 2018, the Company was in compliance with the DSR and DSCR requirements. The Company was not in compliance with the FCR requirement for the year ended September 30, 2018. However, the bank has granted the Company a waiver from the FCR requirement.

The loan agreement also requires the Company to deliver the year-end audited financial statements within 180 days of its fiscal year end. For the year ended September 30, 2018, the bank has granted the Company a waiver from this requirement with the agreement that audited financial statements will be delivered by June 30, 2020.

8. Restatement to Beginning Net Position

As of October 1, 2017, the balance of the unrestricted net deficit position in the Company's financial statements has been restated to reflect an adjustment within compensated absences payable, total liabilities, and net position for the recognition of unpaid compensated absences in prior periods.

Notes to the Financial Statements

The impact of the revision to the beginning balances is as follows:

Effective December 2017, the Company entered into a second lease amendment with viNGN extending the lease through December 31, 2022.

During the year ended September 30, 2018, the Company generated revenues of \$940,761 through leasing arrangements.

The Company has entered into agreements with certain cruise lines providing preferential berthing rights in exchange for a passenger service charges ("PSC") with guaranteed annual revenue due to the Company. The agreements commenced on October 1, 2016 and extend through September 30, 2021, with optional extension periods through September 30, 2026. The Company will track and reconcile passenger manifests on an annual basis to determine amounts due to or owed by the Company.

As of September 30, 2018, approximately \$1.0 million was due from participating cruise line(s) under these agreements and is included in noncurrent accounts receivable in the accompanying Statement of Net Position.

Government Employees' Retirement System of the U.S. Virgin Islands ("GERS")

On September 29, 2014, the Company renewed its management agreement with GERS under which the Company administers the real estate operations sold to GERS in consideration of rent for office buildings used by the Company.

The agreement also provides that certain payroll costs be allocated between the Company and GERS. During the year ended September 30, 2018, payroll costs allocated to GERS were approximately \$1.8 million. The amount due from GERS in connection with these allocations amounted to \$357,797 at September 30, 2018 and is included in other accounts receivable in the accompanying Statement of Net Position.

At September 30, 2018, there was a balance of \$68,024 due to GERS for management fees collected and forfeited on rent abatements from Havensight Mall tenants. The balance due to GERS is included in accounts payable in the accompanying Statement of Net Position. Also see Note 14.

10. Grants and Contributions from Federal and State Government Grants

Following Hurricanes Irma and Maria in September 2017, the Company submitted expenses for reimbursement to the Federal Emergency Management Agency ("FEMA") for repairs and additional expenses incurred as a result of the Hurricanes. Total expenses approved by FEMA during the year ended September 30, 2018, were \$499,753.

Notes to the Financial Statements

11. Commitments and Contingencies

Litigation

During the normal course of business, the Company is a defendant in various lawsuits. In the opinion of management and legal counsel, the outcome of these cases and resulting liability, if any, is either adequately covered by insurance or should not materially affect the Company's financial position.

Grant Funds

In connection with Federal and state government grant programs, the Company is obligated to administer and spend the grant monies in accordance with regulatory restrictions and is subject to audit by the grantor agencies. In cases of non-compliance, the agencies involved may require the Company to refund program monies. Management believes these non-compliance instances, if any, should not materially affect the Company's financial position.

12. Retirement Plan

The Company sponsors a defined contribution retirement and savings plan (the "Plan") for its employees. Under the provisions of the Plan, employees must contribute at least 3% of their gross compensation but may also contribute up to 7%. The Company matches 3% of the employees' contribution plus a non-elective distribution at the discretion of the Company, which is divided among eligible employees, proportionate to compensation.

Required contributions to the pension and savings plan made and charged to operations were approximately \$117,000 for the year ended September 30, 2018. The Company does not offer other post-retirement benefits to its employees.

13. Risk Management

As with all business enterprises, the Company is exposed to various risks of losses, including potential liability issues in the normal course of business that confront all businesses as well as property losses that can result from thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The Company mitigates this risk of loss by purchasing commercial insurance, including general liability, property, vehicle, and employee health, life and accident. The Company's commercial insurance policies cover catastrophic exposures, as well as those risks required to be insured by law or contract. It is the policy of the Company to insure what in its opinion are adequate amounts of risk coverage, especially in relation to the cost of such coverage, the effect of such is to retain a significant portion of certain risks related primarily to physical loss of property and business interruption. There were no reductions in coverage from the prior year, and the amount of settlements has not exceeded insurance coverage for each of the past three years.

Notes to the Financial Statements

14. Subsequent Events

Natural Disasters - Hurricanes Irma and Maria

The Company has made significant progress towards restoring its assets which were damaged by Hurricanes Irma and Maria in September 2017. The Company continues to tabulate the associated costs and expenses with respect to remediation, clean-up, mitigation, and the restoration of services.

Subsequent to year end, the Company received a reimbursement of \$547,941 as part of the Territory's FEMA disaster recovery grant. Additionally, the Company has received a total of approximately \$4.0 million in connection with its insurance claims related to the damages incurred; this amount is inclusive of \$3.5 million for business income losses.

Global Pandemic

In March 2020, the Governor of the U.S. Virgin Islands declared a state of emergency due to the coronavirus pandemic known as COVID-19. The state of emergency was approved by the President of the United States under the provisions of the Stafford Act and the National Emergencies Act. A federally approved state of emergency activates federal assistance to states in the form of financial, logistical, and technical assistance. The state of emergency also activates other emergency response protocols and systems to protect citizenry such as stay-at-home orders, travel restrictions, and social distancing requirements.

The extent of the impact of COVID-19 on the operational and financial performance of the Company will depend on certain developments, including the duration and spread of the outbreak. Prolonged travel and social gathering restrictions could negatively impact the Company's vendors and customers due to business disruptions and increased unemployment. The Company may also experience revenue volatility from cruise lines which have announced a voluntary pause of cruise operations. Although the Company cannot estimate the length or gravity of the impact of the COVID-19 outbreak at this time, if the pandemic continues, it may have an adverse effect on the Company's results of future operations, financial position, and liquidity.

Economic Relief Legislation

Also, in March 2020, the President of the United States signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, appropriated funds for the Coronavirus Relief Fund to be used to make payments for specified uses to state, territorial, local, and tribal governments. There is no assurance the Company is eligible for these funds or will be able to obtain them. The Company continues to examine the impact that the CARES Act may have on its operations.

Contracts and Agreements
